All wines are numbered in order to facilitate the education of the service and selling by the class. The numbering gives an indication about the type of the red wine. The numbering offers light, medium, and full-bodied red wines. The higher the number is the more complex flavors and richer mouthfeel you will find. This concept offers 5 Premium wines from the south of France. Delicate and elegant these gourmet wines are imagined for a large target on the on-trade. All the vintages comes from plots scrupulously selected for the quality of the terroir and the age of the vines.
